## Why Do We Sing?

Groups join in song for celebration, for mourning, at dances, at reunions, at times of social interaction. And thus we sing at church. Alice Parker, music teacher, notes that “music is inherently social. It is a potent means of affirming our human identity. We are more ‘whole’ when we sing.” “It is the voice of the Church that is heard when we sing together.” (Dietrich Bonhoeffer) So open your mouth and let your joyful sound join in singing God’s praises with your church family.
